How to Evaluate your Clinical Student

This guide is designed to assist you as you evaluate the performance of your clinical student teacher. It is understood that clinical students will most likely not engage in the same activities everyday, and there may be some things they never do (e.g. record keeping). Please assess performance based on the experiences s/he has had under your direction. Complete both pages.

The numerical ratings on the Clinical Experience Evaluation Form are described below.

- 5 = Always
- 4 = Almost always
- 3 = Sometimes
- 2 = Rarely
- 1 = Never
- NA = Not applicable / not observed

Place one of the above ratings in the space provided beside each descriptor below. Taking an average will help you decide how to mark your clinical student's overall performance on the 2nd page of this evaluation.

- 4 S/he is confident and poised, uses correct grammar, dresses professionally and is comfortable with his/her authority.
- 5 S/he is prompt, well-prepared, organized and enthusiastic.
- 4 S/he is accepting of and appropriate with all students, can gain and maintain attention, can implement classroom rules and intervenes appropriately.
- 5 S/he has a positive tone, works well with adults and informs the mentor teacher and university professor if s/he must be absent.
- 5 S/he is reflective, aware of his/her own performance, asks for help and works to improve performance.
- 5 S/he conducts lessons with relative ease, demonstrating appropriate skills and content knowledge.
- NA S/he keeps accurate records and can reasonably assess students' work.

Check any classroom activities in which the USU student participated under your supervision.

- tutoring individual students
- correcting papers, filing and/or entering grades
- teaching mini-lessons
- leading whole-class activities
- supervising class activities, exams or special projects
- meeting with parents or school officials
- designing and implementing full-length lessons
- discussing educational issues with mentor teacher
- shadowing a student
- OTHER (please describe): Helped with student critiques

Identify observed strengths of the USU student as well as areas for growth.

Strengths On time, dependable, eager to participate and help. Creative lesson plans.

Areas for Growth Making sure instruction is clear, giving more time to students. These are all things she'll get better on with practice. And she'll definitely get it.

Please circle the number below that represents your clinical student's overall performance.

<u>5</u>	4	3	2	1
Demonstrates Outstanding Level of Competence	Demonstrates High Level of Competence	Demonstrates Acceptable Level of Competence	Developing Toward an Acceptable Level of Competence	Fails to meet an Acceptable Level of Competence

Please check the completion time for clinical experience under your supervision at your school.

- 30 hours minimum (full-time placement)
- 1/2 time placement is shared with another mentor teacher
