**Describe this peer's greatest strengths / contributions to the project:**

Molly is one of the most patient and professional people I know and she was more than committed to make this production amazing. She was willing to meet with various performers-myself included-to make their performance the best it could be. I look up to her professionalism because when I failed to show up to a rehearsal and let her and the rest of the cast and crew down, she didn't hold a grudge against me and was willing to still work with me after that. She is a truly amazing person to work with in whatever project she gets involved in.

**Describe how this peer could have made a stronger contribution to the project:**

I genuinely cannot think of anything. Her professionalism and dedication makes me want to be a better person in every way.
