Describe this peer's greatest strengths / contributions to the project:

Molly's voice is one of the best I have ever heard. She has a naturally soothing voice when she sings and she was very willing to make sure that we all sounded our best. Her ability to accompany others on the piano also greatly aided the performance.

Describe how this peer could have made a stronger contribution to the project:

Honestly the only thing I can think of is not moving away so she can continue to be part of future performance.
